

CURLES NEAL, FRODO BODDICK, ONE BIG NIGHT

Boone County Pythian Also National Committee of New Party.
CONTROL BOARD HEAD

One of the big men of the Knights of Pythias on view this week at twenty-fifth convention headquarters in the Hotel Somerset is Charles F. S. Neal of Lebanon, Boone County, Indiana, whose name is familiar to readers of the BOSTON AMERICAN through its prominence in the Independence party, youngest of American fraternal organizations.

Mr. Neal is the national committeeman of the new party for the great State of Indiana. He has also been chosen as one of the two assistants to National Chairman William Randolph Hearst. The latter is president of the Boone County Pythian, and while General Arthur J. S. Robert of Minnesota is at the head of the military branch, Neal of Indiana is the first officer of the Pythian Insurance branch.

Praised by Supreme Chancellor. More than 10,000 Pythians are members of the K. P. insurance department. It is quite needless to say that Mr. Neal is not a politician this week, but a Pythian. And, as a Pythian, he has been doing nothing but making speeches and giving addresses. He has been doing this for the last few days, and he has been doing it with a great deal of success. He has been doing it with a great deal of success. He has been doing it with a great deal of success.

Hagen Strong in Indiana. The trend of the Pythian Chancellor had not been followed last night, however, and at the Somerset, where Mr. Neal and his family are occupying the week, he was willing to say in few words about the condition of the insurance department of the party and the recent national convention at Chicago with its results.

"I don't know," he said, "but I think it is a very good thing that a Pythian should be in the front of the party. I think it is a very good thing that a Pythian should be in the front of the party. I think it is a very good thing that a Pythian should be in the front of the party."

Says Vote Will Be Unanimous. "Why? Isn't New England in the front?" he asked. "I think it is a very good thing that a Pythian should be in the front of the party. I think it is a very good thing that a Pythian should be in the front of the party. I think it is a very good thing that a Pythian should be in the front of the party."

New Party Candidate Will Run Ahead of Last Year's Figures.
FACTORY MEN FOR HIM

SPRINGFIELD, Aug. 2.—That the Massachusetts vote for Thomas Louis Hagen, Independence party candidate for President, will reach a higher figure than he polled in his fight for Governor last year, is indicated by assurance that he has come to his state his return from Chicago.

One of Mr. Hagen's staunch friends in Springfield, connected with a large factory in the city, Mr. Hagen met Mr. Hagen today and congratulated him upon his nomination.

"In our factory," said he, "there are 700 men. They have all been discussing the political situation and they have all decided to vote for you. I am sure that you will be elected."

CHICAGO FIRE KILLS 8; LOSS \$5,000,000

Most Disastrous Blaze Since the Conflagration of 1871
Sweeps Elevator District.
STARTED BY A CIGARETTE

CHICAGO, Aug. 4.—Eight men are dead and fifty injured as a result of the most disastrous fire that has visited Chicago since the conflagration of 1871. The fire, which swept through the elevator district, killed eight men and destroyed a large part of the city's business district.

The fire was started, it is said, by the stub of a lighted cigarette. The burning cigarette happened to light in some rubbish surrounding a number of barrels of dynamite. The fire started quickly and was followed almost instantly by an explosion which scattered the flames far and wide and gave them a tremendous start before the fire department could arrive upon the scene.

No rapidly did the flames spread that the firemen were unable to make any headway in the fight. The fire spread rapidly and was followed almost instantly by an explosion which scattered the flames far and wide and gave them a tremendous start before the fire department could arrive upon the scene.

An Open Letter to the Medical Profession

The attention of every school of medicine is invited to Birt's Head Wash. So far as we know, it is the only proprietary preparation for cleansing the scalp and hair that does not hide behind a secret formula.

The ingredients of Birt's Head Wash are: Refined Soap, White of Eggs (fresh eggs), Glycerin, Cocoon Cocoon Oil, Salicylic Acid.

This formula was shown to a number of New York physicians, and they were all invited to make any changes that might improve the general usefulness of the preparation. All agreed that the formula was as good for cleansing the scalp and overcombing dandruff as could be written and that it might improve the general usefulness of the preparation.

Every doctor consulted, condemned the general run of remedies advertised to cure scalp diseases and to grow hair on bald heads. Every doctor said the main thing in keeping the scalp and hair clean, and equally important is the matter of general good health.
